EXPERIENCE

Genosha, Argentina—Front End Developer

NOVEMBER 2019 - PRESENT

In this creative agency I am responsible for developing mobile-first UI features and functionalities, most of the projects in which I participated were event web pages with adjusted deadlines and for different clients.

Freelance, Argentina—Front End Developer

MAY 2017 - NOVEMBER 2019

While I was freelancing I worked with several clients, and my main task was to create and modify Wordpress templates based on the given specs.
